

CROWDER CONSTRUCTION COMPANY

Crowder Construction Company Ranks on ENR Top 400

Apex, NC (7/25/2011) - Crowder Construction Company was recently recognized on *Engineering News-Record's* (ENR) list of the Top 400 Contractors for 2011. Published annually, the ENR Top 400 recognizes the top revenue-grossing general contractors in the U.S. construction industry.

Crowder placed 288th on the "Top 400 Contractors" list. The ranking is based on 2010 gross revenues earned. Crowder improved their ranking by 13 positions despite the difficult economic conditions that continue to affect large contractors. The ability to be diversified and secure work in different market sectors has not only shown Crowder's strength as a company but versatility in a vulnerable market as well.
