Celebrate Safety CONUS Award given to the O'Brien & Gere/Crowder Construction Joint Venture by the US Army Corps of Engineers

CONYERS, GA (02/12/2010) - The O'Brien & Gere/Crowder Construction Joint Venture was recognized by the Corps of Engineers Mobile (AL) District as the 2009 Celebrate Safety winner in the large (\$7M - \$50M) contractor category for the continental U.S. (CONUS) for outstanding safety performance during construction of a new Industrial Wastewater Treatment Plant at the Anniston Army Depot. The team had previously been recognized as the third quarter 2009 Celebrate Safety CONUS winner in the same category for this project. Winners are chosen based on a project's superior safety performance, efforts and initiatives. The Anniston Army Depot project is scheduled for completion in 2011.
